

Golden Fox Farms Equipment Sales December 31 2024

Notes for buyers:

We work with many suppliers who offer premium wares at affordable prices. Most equipment is built on-demand, keeping prices low. Pre-made stocks are intentionally limited.

On average there is a 6-week wait to receive ordered equipment. Order early and often!!
The time to find out you're low is not in the middle of swarm season!

Orders are brought to OCBA meetings as they become available. Local pickup or local delivery may be requested. Delivery is done at the current federal mileage rate to-and-from La Grange.

We reserve the right to reject orders, due to volume or availability. We will notify at first availability should that occur. We haven't turned anyone down yet!

Much of our hive equipment is amish-made. Goods may require additional fitment work by the buyer before or after assembly. If you do not wish to do that fitment work, order your boxes assembled with the 'Perfect-Trim' surcharge of \$2/box. These items are checked and perfected before delivery.

We will have bees in the spring and queens come summer.
 Nuc waitlist available: email goldenfoxfarmsky@gmail.com to be added.
 Overwintered single \$400, Spring nuc \$200. See website for details.
 Colony delivery \$80 + mileage. Open mated queen \$60.
 Virgins per purchase event: \$20 for 1st, and \$10 for each additional.

PICK-LIST

10 & 8 Frame. Item, all wood pine unless noted.	\$\$	# Ordered	Subtotal
10 Frame Equipment, ~ 16+1/4" x 19+7/8"	\$\$
